November/December 2023

Dear Business Owner,

Can you believe we are approaching the end of 2023? How fast the years go! Your business, in particular, has been around for a number of those fast-moving years, and its Bellevue roots are deep.

In view of your long history in Bellevue, would you consider including a sponsorship of the Bellevue Historical Society in your 2024 budget? Your sponsorship would entitle your business to mention in our quarterly member newsletter, on our social media, and on signage at our events corresponding to the sponsorship level you choose. The earlier you can respond, the more "bang" you will get for your donation "buck"! But most of all, you would have the satisfaction of knowing that you are preserving Bellevue's history for future generations and expediting the day when that history has a home in the Tremont House.

Through the years, it is our sponsors and members who have made possible the progress you see with the exterior of Bellevue's one-of-a-kind Tremont House. We are so grateful! Now we are working on the interior. All of this with an all-volunteer staff and without any debt thus far. If possible, we would like to continue to pay as we go so as to not burden future members with debt.

Thank you in advance for considering this request. We are truly thankful for the generosity shown by the Bellevue community and in particular, by businesses like yours. Again, thank you.

Sincerely,

Jeannie Gore, President
On behalf of the board of the
Bellevue Historical Society
